## **LOW PROFILE SIZE 15 ENCODER LEAVES ROOM TO BREATHE**

*FOR IMMEDIATE RELEASE*

**SANDPOINT, IDAHO, OCTOBER 3, 2001:** Encoder Products Company (EPC) announces the Model 755S Low Profile Round Series Accu-Coder™. The Model 755S is an industry standard size 15 (1.5" diameter) encoder with a significantly lower profile. With a length of just 1.2", the Model 755S fits in spaces too small for conventional size 15 encoders. The Model 755S incorporates EPC's innovative sensing technology to provide unsurpassed accuracy and reliability. With EPC's flexible mounting system, installation of the Model 755S is a snap.

With its rugged construction and EPC's exclusive 3 year standard product warranty, you can be confident the Model 755S will provide years of trouble free use.

For additional information contact EPC, PO Box 1548, Sandpoint, ID 83864, 800-366-5412, [www.encoderproducts.com](http://www.encoderproducts.com).
